

# ORGANIZING YOUR STAND

Use our technical services to plan and build your stand.

## Your gain: our experience

### Stand construction

- single or multi-level stand construction (ample height available in exhibit halls)

### Turnkey stands

- choice of standard modular stands with equipment as required by organizer
- choice of customized modular stands as required by exhibitors
- wide variety of furnishings and accessories available for rent (spotlights, ceilings, glass doors, panels, etc.)

### Overhead fixtures

- overhead suspension points are installed by Palexpo professionals only
- items may be suspended from the hall main structure according to static norms in force
- telescopic cherry pickers with driver for hire
- on-site beams and motors for hire

### Raised floors

- raised floors (wooden), with or without installation, available for rental to accommodate utility ducts

### Walls

- rental and installation of partitions (white or untreated wood) to create modular rooms

### Carpeting

- rental of carpeting with or without installation (choice of colours and grade)

### Accessories

- wide variety of furnishings available in different styles
- kitchen equipment, dishwashers, refrigerators, etc.
- podiums, stages, mobile barriers etc.
- photocopiers, safes, lecterns etc.

### Signage and decoration

- production of logos, panels and signs
- rental of plants, potted flowers and floral arrangements

### Cleaning and waste disposal

- Palexpo contributes to environmental protection by sorting and eliminating waste in collaboration with a licensed recycler.
- Palexpo maintains the premises and handles all stand cleaning needs as required

### Exhibitor service

- assistance in helping exhibitors address issues of planning or operational issues
- assistance with ordering procedures or rules and regulations
- consumables and materials to respond to emergencies during stand construction
- coordination with operational departments
